Foresters hold combing op to capture tiger

EXPRESS NEWS SERVICE @Madikeri

FOREST staff are involved in a combing operation to capture a conflict tiger in Badaga Banangala area limits. Following the increased incidents of cattle deaths in tiger attacks, the officials have sought permission from the state government even as a trap cage has been currently placed at the conflicted zone. The footfall of the tiger is haunting villagers of Badaga Banangala even as several cattle have fallen prey to the recent tiger attacks. Further, estate workers are fearful to report to work as a few locals have claimed to have spotted the tiger roaming within the private estate limits of the village. Villagers complained that the tiger is

roaming in the village limits even during morning hours and estate owners are unable to visit the plantation because of the fear of the tiger.

Following these developments, the department filed a proposal to the state demanding permission to capture the conflict tiger. Similarly, the Rapid Response Team along with other forest staff is conducting a combing operation across the conflicted zone. Further, CCF Sonal visited the spot and inspected the operation. A trap cage has now been placed at the private estate where a pregnant cow was killed in the tiger attack. Officials confirmed that the movement of the tiger is being traced and the capture process will be carried out.
